M2K03 Setting Clock and Schedules

SETTING THE TIME CLOCK - TIME SCHEDULES

To set the schedule, follow the instructions below.

Step 1

Press and hold the Time button until the display goes blank. Press the ▲ and ▼ buttons to select between 'CLOC' and 'SCHE'. Select the 'SCHE' mode by pressing the Time button.

Step 2

Once the schedule function has been selected, 'DAY1' is displayed. You may scroll through the days requiring programming by using the ▲ and ▼ buttons. When the desired day is displayed select it by pressing the Time button. E.g. 'DAY 1' = Monday, 'DAY 2' = Tuesday.

Step 3

The display will now read 'SCH 1'.
Note that this 7 day time clock is capable of 2 on / off times per day refered to as, schedule 1 & schedule 2. If only one event is required per day then enter no times for schedule 2.
Press the Time button and select 'SCH 1' The display will then flash "ON" followed by the on time. Use the ▲ and ▼ buttons to adjust the on time then press the Time button to save the time setting. 'OFF' followed by '----' will then be displayed. Set the "OFF" time and press the Time button.

Step 4

The display will now show 'SCH 2'. Press the Time button. Either enter an 'ON' and 'OFF' time or ignore it by pressing the Time button again. Note if no time is entered for 'SCH 2' then '----' will be displayed for the 'ON' time and the 'OFF' time will not be displayed.

Step 5

The display will now read 'DAY 2'. Repeat steps 2 and 3 for each day as required. If the 'DAY 2' 'ON' and 'OFF' time is to be the same as 'DAY 1', Then press Auto when the '----' is displayed for the 'ON' time. Note if a mistake is made press A/C to delete the unwanted time. Press A/N to return to the previous setting. Press and hold the Time button to save and exit.

ENABLE THE AUTO FUNCTION

Pressing the Auto button 'ON' will allow the unit to run under the control of it's programmed weekly timeclock.

SETTING THE TEMPERATURE

*Note the range of this adjustment can be restricted.
When the ▲ or ▼ buttons are depressed. The set point will be displayed Continuing to press either the ▲ or ▼ buttons will increase or decrease the set point. If the ▲ or ▼ buttons have not been depressed for 5 seconds the display will revert to the sensed temperature.

VENT CONDITION MODE

The A/C button will toggle the unit between Vent and Condition. On state = Condition.

AFTER HOURS MODE

The A/N button will allow the unit to run for either a pre-determined timed period, an adjustable time period or continuously depending on the programmed options. Pressing the A/N button while in the after hours mode will toggle the unit to 'OFF'.

M2K03 Setting Holiday Schedules

SETTING THE TIME CLOCK - HOLIDAY SCHEDULES

To set the schedule, follow the instructions below.

Step 1

Press and hold the Time button until the display goes blank. Press the ▲ and ▼ buttons to select between 'CLOC' , 'SCHE' and 'HOL'. Select the 'HOL' mode by pressing the Time button.

Step 2

Once the schedule function has been selected, 'H_01' is displayed. Note that this time clock is capable of having up to 20 holidays which may be any date that you want the Unit to be 'OFF'. You may scroll through the holidays requiring programming by using the ▲ and ▼ buttons. When the desired day is displayed select it by pressing the Time button. E.g. 'DAY 1' = Monday, 'DAY 2' = Tuesday.

Step 3

The display will now read 'OFF' followed by '____', Use the ▲ and ▼ buttons to adjust the OFF date. The date is in the format of 01.01,dd/mm. Press Time button. 'ON' followed by the on date will then be displayed. Note the unit will be disabled between 12:00am of the off date and 12:00 of the on date. Set the on date and press the Time button to save this holiday schedule.

Step 4

The display will now show 'H02'. Repeat steps 2 and 3 for each holiday required. Note if a mistake is made, press A/C when viewing the off date of the unwanted schedule. Press A/M to return to the previous
setting.

To delete all holiday settings, press and hold A/C button until 'DEL' is displayed. Press and hold the Time button to save and exit.
